Subj. Cy

OSA 0144-64

7 February 1964

MEMORANDUM FOR: Chief, Logistics Services Division
THROUGH : Chief, Administrative Staff, DD/S&T
SUBJECT : Phone Instruments Removal and Replacement

1. It is requested that three standard table phone instruments located within Room 6B14, OSA Signal Center, be removed and replaced with wall mounted units. The wall mounts should include a cradle to permit temporary hanging of the receiving during calls without terminating the call and should be equipped with 15' cords.

2. This action is required to permit movement of operational equipment in the phone area which is presently restricted because of the necessity of having to retain a table for the existing phones. 25X1A9a

3. For further information and access to OSA Signal Center, please contact [REDACTED] extension 7185.
